Address

Karachi, Sindh, Pakistan

Skill

- Competitive Programming
- Frontend web development
- LeetCode
- Teaching & Mentorship
- Communication Skills
- Problem Solving
- Team Collaboration

Reward

 **Bronze Medalist,**
Ignite Competitive Programming
Competition – 2025

 **2nd Position,** NED DSA
Project Competition – 2024

 **International Participation:**
Meta Hacker Cup, UC Berkeley, MIT,
CS50x

Language

- English
- Urdu

Professional Summary

Motivated Computer Science undergraduate with a strong foundation in data structures, algorithms, and problem-solving. Experienced as a Stanford Code in Place Section Leader and active participant in national and international coding competitions. Recognized for technical excellence, teamwork, and a passion for continuous learning and mentorship. Solved over 400+ problems on LeetCode and Codeforces

Experience

Section Leader – Code in Place (Stanford Online) | Remote | 2025

As a Section Leader for Stanford's global Code in Place program, I mentored a diverse group of students in Python programming, leading interactive coding sessions and providing hands-on guidance throughout their learning journey.

Teaching Assistant – Data Structures and Algorithms (NED University) | 2025 – Fall

Conduct weekly DSA sessions to help students understand core data structures and algorithmic techniques. Guide learners through solving LeetCode problems, improving their logical thinking, and coding proficiency.

Education

Bachelor of Science in Computer Science (BSCS)

NED University of Engineering and Technology | 2023–2027

- Relevant Coursework: Data Structures, Algorithms, OOP, DBMS
- Teaching Assistant for Data Structures and Algorithms (DSA)

Intermediate in Pre-Engineering (A+1 Grade)

Adamjee Government Science College | 2021–2023

- Completed coursework in Mathematics, Physics, and Chemistry with distinction, building a strong analytical and quantitative foundation.
